

EXPLANATION OF CLASS SCHEDULE AY 2007-08B.S. degree in Industrial Technology

Accelerated format. Three of the four courses offered each semester are taught in the accelerated format. A schematic of the summer semester 2007 is shown below:

May 5	June 3	July 8	August 19
Course 1 (RT/IS)	Course 2 (RT/IS)	Course 3 (RT/IS)	
Course 4 (IS)			

RT = Resident Training
IS = Independent Study

Length of each course.

Course 1 (first 3 semester hour resident training course):
begins May 5 and ends June 3;
is 4 weeks ($29/7 = 4 \text{ weeks} + 1 \text{ day}$);

Course 2 (follow on 3 semester hour resident training course):
begins June 3 and ends July 8;
is 5 weeks ($36/7 = 5 \text{ weeks} + 1 \text{ day}$);

Course 3 (follow on 3 semester hour resident training course):
begins July 8 and ends August 19;
is 6 weeks ($42/7 = 6 \text{ weeks} + 0 \text{ days}$);

Course 4 (3 semester hour independent study or internship course):
begins May 5 and ends August 19;
is 15 weeks ($105 \text{ days}/7 = 15 \text{ weeks} + 0 \text{ days}$) which is a standard term.

Credit hour equivalent calculation.

Formula. The formula for the credit hour equivalent calculation is semester hours times 18 divided by number of weeks in semester.

Course 1. The credit hour equivalent calculation for Course 1 is $(3 \times 18)/4 = 13.5$.

Course 2. The credit hour equivalent calculation for Course 2 is $(3 \times 18)/5 = 10.8$.

Course 3. The credit hour equivalent calculation for Course 3 is $(3 \times 18)/6 = 9$.

Course 4. There is no credit hour equivalent calculation for Course 4 since it is offered during a standard term (semester hours equal credit hour equivalent).

Training time determination.

IT Summer 07

If independent study is taken concurrently with resident training, the total training time is determined by adding the number of credit hours (or the equivalent) of resident training courses to the number of credit hours (or the equivalent) of independent study.

Training time for May 5 through June 2. Training time during this period for student enrolled in Course 1 and Course 4 is full-time since the credit hour equivalent totals more than 12 hours.
